

# MD™ 902EXPLORER

HIGH PERFORMANCE. HIGH TECHNOLOGY. A HIGHER STANDARD.

MISSION PROVEN | LAW ENFORCEMENT | UTILITY | EMS | VIP

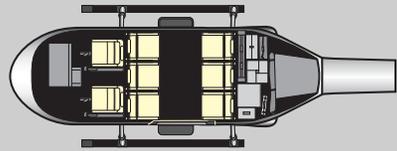

# MD™ 902EXPLORER

The MD 902 Explorer sets the standard in performance, affordability, reliability and safety for the light twin-engine helicopter class. With executing a broad range of mission profiles in nearly every market segment – air medical, law enforcement, search and rescue, executive transport, utility, and offshore operations – the MD 902 Explorer couples high performance with low direct operating costs to rise above the rest.

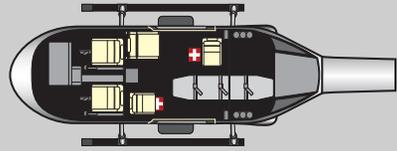

## PERFORMANCE CAPABILITIES

Max Gross Weight: Int.	Max Gross Weight: Ext.	Useful Load	HIGE	HOGE	Max Cruise Speed	Max Rate of Climb	Range*
6,500 lb / 2,948 kg <sup>1</sup>	6,900 lb / 3,129 kg <sup>1</sup>	3,125 lb / 1,417 kg <sup>1</sup>	10,650 ft / 3,246 m <sup>1</sup>	8,780 ft / 2,676 m <sup>1</sup>	131 kt / 244 kph <sup>1</sup>	2120 ft / 646 m - per min <sup>1</sup>	328 nm / 607 km <sup>1</sup>
6,770 lb / 3,070 kg <sup>2</sup>	6,900 lb / 3,129 kg <sup>2</sup>	3,395 lb / 1,539 kg <sup>2</sup>	9,000 ft / 2,743 m <sup>2</sup>	7,000 ft / 2,133 m <sup>2</sup>	100 kt / 185 kph <sup>2</sup>	1970 ft / 600 m - per min <sup>2</sup>	325 nm / 601 km <sup>2</sup>

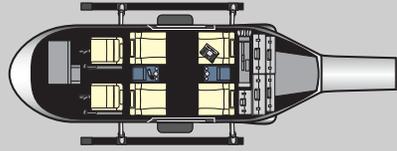

<sup>1</sup> Take-off / landing limited to 5,000 ft HIGE at 6,500 lb      \* Standard day at 5,000 ft MSL  
<sup>2</sup> Take-off / landing limited to 3,000 ft HIGE at 6,770 lb      \* Standard day at 5,000 ft MSL
